STATEMENT OF THE CASE AND FACTS

The Attorney General's Office accepted the submission of APA's ballot title and popular name made by APA's agent.

On January 12, 2024, Arkansans for Patient Access ("APA") was formed and registered as a ballot question committee with the Arkansas Ethics Commission. APA is the sponsor of the initiative petition popularly known as the Arkansas Medical Marijuana Amendment of 2024.

Also on January 12, 2024, APA, acting as a sponsor, submitted its proposed amendment, ballot title and popular name to the Arkansas Attorney General as required by Ark. Code Ann. § 7-9-107(a). *See* Add. 1. That provision provides, "Before any initiative petition or referendum petition ordering a vote upon any amendment or act shall be circulated for obtaining signatures of petitioners, the sponsors shall submit the original draft with the Attorney General." The submissions to the Attorney General were made by counsel for the sponsor on behalf of the sponsor, and not by the sponsor itself. These submissions were nonetheless accepted by the office of the Attorney General.

Thereafter, the office of the Attorney General sent three letters, designated as opinions, to APA's counsel regarding APA's submissions.

See Add. 2-4. None of those letters was sent by the Attorney General himself, and none was sent directly to the sponsor, always to the sponsor's agent. For example, by letter dated February 29, 2024 (opinion 2024-037), the office of the Attorney General informed counsel for APA that APA's proposed ballot title and popular name had been certified. *See* Add. 5. All communications from the office of the Attorney General were directed to APA's counsel and agent, and not the sponsor itself.

Respondent accepted the canvasser registrations submitted by APA's agent.

After the Attorney General certified the ballot title and popular name, it was filed with the Secretary of State, again by APA's counsel acting on behalf of APA. This submission was in compliance with Ark. Code Ann. § 7-9-105(d)(2) which provides that "[b]efore the circulation of a statewide petition for signatures, the sponsor shall file a printed petition part with the Secretary of State in the exact form that will be used for obtaining signatures." Again, the submission was made by an agent of the sponsor, not the sponsor itself, and the submission was accepted by the agent of Respondent, not by the Secretary himself. After that was accomplished, APA proceeded to begin soliciting signatures. To assist it in gathering signatures, APA hired Nationwide Ballot Access

("NBA") to recruit, qualify, hire and train paid canvassers to solicit signatures on its behalf.

In performance of its duties, NBA, acting on behalf of and at the direction of APA, submitted sworn affidavits from its paid canvassers as well as affidavits from NBA itself to meet the requirements of Ark. Code Ann. § 7-9-601. *See, e.g.*, Add. 9. The affidavits from NBA provided that the affiant was providing the affidavit on behalf of and at the direction of APA. The affiant identified himself as a manager of NBA, a company hired by APA to provide canvassing services. The affiant further states that NBA hires, trains and manages paid canvassers who are employees of NBA.

Over the course of its work managing the paid canvasser efforts for APA, NBA made 112 separate submissions to the office of the Secretary of State, all in substantially the same format. All submissions made clear that NBA was acting as an agent of APA in the course of complying with Ark. Code Ann. § 7-9-601. In each case, the office of the Secretary of State accepted the submission by NBA and enrolled the individuals as paid canvassers for APA.

Respondent granted APA its 30-day cure period on July 31, 2024 but eight days later, notified APA that Respondent would not count signatures collected by paid canvassers who were certified by APA's agent.

On July 5, 2024, APA turned in 19,005 petition parts containing 111,402 signatures from Arkansas voters, the great majority of those signatures solicited by paid canvassers whose information was submitted by NBA to the Secretary of State. These petition parts were accepted by the office of the Secretary of State's Office and counting commenced.

On July 31, 2024, an agent of Respondent sent counsel (an agent) for APA a letter informing it that the office of the Secretary of State had determined that there are "no less than 77,000 valid signatures." *See* Add. 41. The Secretary of State, as required by law, then granted APA a thirty-day cure period to gather additional signatures up through August 30, 2024. APA has, in fact, continued to gather signatures during the cure period and has collected an estimated 18,000 additional signatures as of August 8, 2024. These additional signatures were largely solicited by paid canvassers submitted to the office of the Secretary of State by NBA.

On August 8, 2024, an agent of the Secretary of State sent counsel for APA an email containing a letter purportedly signed by the Secretary

stating that his office had "discovered" that the canvassing company, and not the sponsor, had made the certification required by Ark. Code Ann. § 7-9-601. *See* Add. 43. As set out above, there was nothing to "discover." The fact that the certification was submitted by NBA was expressly stated from the first submission and all 111 following submissions. The office of the Secretary of State knew all along that the certifications had been submitted by NBA. These submissions were accepted by Respondent just as they had been for years.

As of August 8th, however, Respondent and his counsel, the Attorney General, took the position that "[d]ue to this error, Ark. Code Ann. § 7-9-601(f) forbids the counting of signatures collected by paid canvassers for any purpose."

Respondent's letter closed with the following: "Upon advice of legal counsel, my office will apply this standard to any additional signatures submitted during the cure period." As confirmed by Respondent's agent, that statement means that the 77,000 signatures previously certified as valid will remain valid (despite the Secretary's new claim that these signatures were submitted in violation of Ark. Code Ann. § 7-9-601) but any additional signatures submitted (including the 18,000 signatures

gathered as of the August 8 letter) would not count "for any purpose" if the required information for the paid canvasser was submitted by the canvassing company. APA remains in limbo, not knowing what position the Attorney General or Respondent will take next or how it will affect its collection efforts in remaining day of the cure period.

The Attorney General's Office accepted the submission of LVC's ballot title and popular name made by LVC's agent.

On January 24, 2024, LVC was formed and registered as a Ballot Question Committee with the Arkansas Ethics Commission. In its statement of organization, LVC disclosed that it would advocate for qualification and passage of an amendment to appear on the November 2024 ballot that repeals Amendment 100's authorization for a casino in Pope County, Arkansas and requires a local option election for any future casino locations.

On February 16, 2024, LVC acting as a sponsor, submitted its proposed amendment, ballot title, and popular name to the Arkansas Attorney General as required by Ark. Code Ann. § 7-9-107(a). The submissions to the Attorney General were made by counsel and agent for the sponsor on behalf of the sponsor. Like APA and every ballot title

before it, these submissions were accepted by the office of the Attorney General. *See* Add. 45.

The office of the Attorney General sent two letters, designated as opinions, to LVC's counsel regarding LVC's submissions. *See* Add. 49-61. Each letter was sent from an agent of the Attorney General to counsel and agent for the sponsor. In its second letter opinion dated March 20, 2024, the office of the Attorney General informed counsel for LVC that LVC's proposed ballot title and popular name had been certified. This letter opinion, like all communications from the office of the Attorney General were directed to LVC's counsel and agent, and not the sponsor itself. *See* Add. 56.

Respondent accepted the paid-canvasser registrations submitted by LVC's agent.

LVC filed its petition with the Secretary of State per Ark. Code Ann. §7-9-105(d)(2) and proceeded to hire PCI Consultants, Inc. ("PCI") to recruit, qualify, hire, and train paid canvassers to solicit signatures on its behalf. In performance of its duties, PCI, acting on behalf of and at the direction of LVC, submitted sworn affidavits from its paid canvassers as well as affidavits from LVC to meet the requirements of Ark. Code Ann. § 7-9-601. *See*, *e.g.*, Add. 62-83. The affidavits from LVC provided

that the affiant was providing the affidavit "on behalf of and at the direction of Local Voters in Charge." The affiants identify themselves as managers of canvassing efforts for Local Voters in Charge and state their responsibilities include hiring and managing paid canvassers for LVC. *See id.* In total, 95 separate submissions were made to the office of the Secretary of State, all in substantially the same format. All submissions made clear that the affiant was acting as an agent of LVC in the course of complying with Ark. Code Ann. §7-9-601. In each case, Respondent's office accepted the submission and enrolled the individuals as paid canvassers for LVC.

On July 5, 2024, LVC turned in petition parts containing more than 160,000 signatures from Arkansas voters, almost all of which were solicited by paid canvassers. Again, these petition parts were accepted by the office of the Secretary of State.

Respondent certified LVC's proposed amendment, but LVC now faces a signature challenge in part based on Respondent's new position that LVC's agent could not certify paid canvassers on the sponsor's behalf.

On July 31, 2024, an agent of the Secretary of State sent Jim Knight a letter informing it that the office of the Secretary of State had "verified no less than 116,200 signatures." *See* Add. 84. At the same time, the

Secretary of State issued a "certification of sufficiency," certifying that LVC's proposed amendment had "met the signature requirements set forth in Article 5, Section 1 of the Arkansas Constitution," in order to place it on the general election ballot of November 5, 2024. *See* Add. 85.

The very next day, an original action was filed by Jennifer McGill, individually and on behalf of the ballot question committee, Arkansas Canvassing Compliance Committee, and Cherokee Nation Entertainment, LLC. *See McGill et al. v. Thurston*, CV-24-492. Therein, Petitioners challenge the Secretary's signature certification in part based on LVC's agent's certification of the paid canvassers. Interestingly, Respondent's August 5, 2024 Answer in *McGill* purports to lack sufficient knowledge or information on the majority of allegations related to LVC's agent certifying paid canvassers and thus denies the allegations of insufficiency. *See* Answer at ¶¶ 37-49.

On August 9, 2024, Respondent contended for the first time that AFLG failed to satisfy section 601(b)(3).

After Respondent answered in *McGill* and denied the allegations that LVC's paid-canvasser-collected signatures could not be counted due to its agent signing the affidavits, Respondent submitted a reply brief in this case taking another contrary position. Here, Respondent now

apparently contends that AFLG's paid canvasser certifications did not comply with section 601(b)(3) and cannot be counted. Specifically, Respondent stated:

> [I]t has come to the attention of the Secretary since the onset of this litigation that AFLG also failed to comply with Section 601(b)(3) and, were the Secretary to conduct a full review of AFLG's submission under Section 126, AFLG's failure to comply with that provision would separately warrant rejecting its submission. Thus, the Court can alternatively deny relief on the ground that AFLG failed to comply with Section 601(b)(3).

Respondent's Repl. Br. at 12-13. According to Respondent, "[l]ike Section 111(f)(2), Section 601(b)(3) requires 'the sponsor' to make the certification." *Id*. at 14. Thus, because an agent of the sponsor signed the affidavits, Respondent now contends that AFLG failed to comply, and none of its paid-canvasser signatures may be counted for any purpose. *Id.* at 14.

ARGUMENT

This Court has often reiterated that it will not interpret a statute to produce an absurd result contrary to legislative intent. *See Simpson v. Cavalry SPV I, LLC*, 2014 Ark. 363, at 3, 440 S.W.3d 335, 338 (citing *Brock v. Townsell,* 2009 Ark. 224, 309 S.W.3d 179). Yet, that is precisely what Respondent invites the Court to do here. Respondent's interpretation of section 601(b)(3) defies rules of statutory construction, contravenes well-established agency law, and even contradicts Respondent's own policy and practice established over numerous election cycles, thereby leading to an absurd result.

The absurdity is highlighted by Respondent's differing and conflicting positions on each proposed amendment. With respect to AFLG, Respondent is counting no signatures gathered by paid canvassers where the canvassing company submitted the signed statement under section 111(f)(2) through its agent. (And as of August 9th at 3:45 PM, Respondent may also not count any signatures collected by paid canvassers certified by AFLG's agent.) For LVC, however, all of the signatures gathered by paid canvassers certified by its agents will

continue to count, while APA's signatures, although submitted in an identical fashion, will not count for purposes of the cure period only.

If that were not enough, Respondent and the Attorney General have consistently delegated their own "mandatory" duties under the election code. As opposed to the sponsor's requirements, Ark. Code Ann. § 7-9-102(a) states, "the duties imposed by this act upon . . . election officials, and all other officers expressly named in this act, are declared to be mandatory." Thus, while Respondent and the Attorney General are peddling a non-delegable duty theory for the sponsors, they both have delegated their "mandatory" duties to their own agents throughout this election cycle and in every cycle before it. Again, this inconsistency crystalizes the absurdity of their position.

Not only is it absurd though, the Respondent's position is wholly lacking any support in the law. There is no limitation on "sponsor" in the statute itself, which makes sense since an entity-sponsor can only act through its agents. Respondent has provided no authority and no convincing argument for this new non-delegable duty theory under section 601(b)(3). A summary rejection by this Court is therefore warranted. *See Norman v. Norman*, 347 Ark. 682, 689, 66 S.W.3d 635,

640 (2002) (reiterating that the Court does not consider arguments that are unsupported by convincing argument or sufficient citation to legal authority).

Even so, if the Court considers and agrees with Respondent, it should not allow Respondent to continue moving the goalposts. Any new interpretation of section 601(b)(3)—or any other sponsor-related statute that might suddenly come to the attention of the Attorney General or Respondent before November 5th—should not apply to AFLG, LVC, or APA. Rather, it should only apply prospectively, after the 2024 election cycle. A contrary holding would be an unconstitutional deprivation of the people's fundamental right to initiative and referendum and an affront to bedrock principles of fair play and justice.

Standard of Review

The right to initiative and referendum is the "first power reserved by the people." Ark. Const. art. 5, § 1. This provision and related statutes must be liberally construed to effectuate their purpose, and only "substantial compliance" with Article 5, § 1 and its statutory scheme is required. *See Porter v. McCuen*, 310 Ark. 674, 677, 839 S.W.2d 521, 522

(1992). As the person challenging the validity of the petitions, Respondent bears the burden of proof. Ark. Const. art. 5, § 1.

I. There Is No Authority for Respondent's Interpretation of 601(b)(3), Which Is Contrary to the Statute's Plain Text and Basic Agency Law.

Ark. Code Ann. § 7-9-601(b)(3) is unambiguous and does not prohibit a sponsor from delegating its certification of paid canvassers to an agent. That statutory provision provides: "Upon submission of the sponsor's list of paid canvassers to the Secretary of State, the sponsor shall certify to the Secretary of State that each paid canvasser in the sponsor's employ has no disqualifying offenses in accordance with this section." There is simply no limitation in this statute on the sponsor's delegation of its certification duties. The absence of such limiting language is controlling. If the legislature wanted to create a non-delegable duty, it could have easily done so—just as it has in other election statutes. *See, e.g.*, Ark. Code Ann. § 7-4-122(c) ("A county board of election commissioners may not change a duty delegated to a county employee if that duty is expressly governed by state or federal law.").

To agree with Respondent's interpretation, the Court would have to read language into the statute that is not there and defy basic rules of

statutory construction. *See McMillan v. Live Nation Ent., Inc.*, 2012 Ark. 166, 6, 401 S.W.3d 473, 477 ("[W]hen a statute is unambiguous, the rules of statutory construction do not permit us to read into it words that are not there.") (citing *Scoggins v. Medlock,* 2011 Ark. 194, 381 S.W.3d 781); *Cottrell v. Faubus*, 233 Ark. 721, 727, 347 S.W.2d 52, 55–56 (1961) ("Where the language used in a statute is plain the court cannot read words into it that are not found therein either expressly or by fair implication, even to save its constitutionality, because this would be legislation, and not construction."). The Court should refuse to do so.

Furthermore, while Respondents cite no authority for their construction of "sponsor" in section 601(b)(3), other courts have rejected the notion that agents cannot perform duties set out by their state election codes whereas here, the statutes contain no such limitation. *See, e.g.*, *Eller Media Co. v. City of Reno*, 118 Nev. 767, 771, 59 P.3d 437, 439 (2002) (holding that the statutory requirement that the city clerk examine signatures for verification could be delegated to the county registrar because the statute "contained no language requiring the city clerk to personally examine the signatures or prohibiting him from delegating that duty" and deeming such "a narrow interpretation of the

statute [] unreasonable"); *Buonanno v. DiStefano*, 430 A.2d 765, 769 (R.I. 1981) (holding that an agent for a "candidate" may invoke the statutory procedure to open voting machines and check the votes casts, reasoning that nothing in the statute indicating that an agent could not be appointed for the "candidate"). The same reasoning applies and the result should follow in this case.

The Court should also refuse to turn basic agency law on its head, which is the legal effect of Respondent's position. APA and LVC are legal entities. It is hornbook law that entities can only act through their agents. *See, e.g.*, *Madison Bank & Tr. v. First Nat. Bank of Huntsville*, 276 Ark. 405, 412, 635 S.W.2d 268, 272 (1982) ("The Bank of Kingston, as a legal entity, can only act through its agents, and the acts of its corporate officers are regarded as its acts."); *El Dorado Baking Co. v. City of Hope*, 193 Ark. 949, 103 S.W.2d 933, 934–35 (1937) ("It is elementary that corporations can act only through their officers and agents and the acts of such, within the scope of their employment, will be deemed those of the corporation."). Indeed, this Court has held that an affidavit of a corporation's agent is regarded as an act of the corporation itself. *Kull v. Dierks Lumber & Coal Co.*, 173 Ark. 445, 292 S.W. 695, 696 (1927) ("In

the eye of the law, a corporation can only act through its officers or agents, and therefore an affidavit by a corporate officer is regarded as the act of the corporation itself. In such a case, the officer is exercising the corporate powers of the corporation in the only way in which they can be exercised at all.").

Here, APA and LVC are legal entities that can only act through their agents. No case law, statute, or authority holds that they cannot appoint NBA or PCI as agents for purposes of carrying out the sponsor certification in section 601(b)(3). Indeed, such a limitation would be nonsensical and would upset the most basic principles of agency law.

Lastly, Respondent's interpretation is illogical. The non-delegable duty doctrine is most often employed in the torts arena and holds that a principal cannot escape liability for its agent's negligence in performing a non-delegable duty. *See, e.g.*, *Stoltze v. Arkansas Valley Elec. Co-op. Corp.*, 354 Ark. 601, 618, 127 S.W.3d 466, 477 (2003) ("The doctrine of non-delegable duty if literally applied destroys the liability barrier between an owner and an independent contractor, and for practical purposes treats the two separate entities as one before the law."). Yet here, even if an agent of the sponsor provides the paid-canvasser

certification, the sponsor remains on the hook for any non-compliance. The General Assembly expressly provided that "signatures that are incorrectly obtained or submitted under this section shall not be counted by the Secretary of State for any purpose." Ark. Code Ann. § 7-9-601(f). No extra assurance of trustworthiness is provided by interpreting "sponsor" to mean the sponsor personally. Per the statutory language, the sponsor is the one that bears ultimate responsibility for compliance because it is the sponsor's petition that may be penalized and precluded from the ballot. *See id.* at § 7-9-601(f). Imposing a non-delegable duty does nothing to advance any legislative or public policy goal.

In sum, for each of these reasons, as well as those stated by AFLG in its briefing on this legal issue, the Court should reject the interpretation of 601(b)(3) advanced by Respondent.

II. Even If the Court Adopts Respondent's Interpretation of 601(b)(3), that New Interpretation Should Be Applied Prospectively, after the 2024 Election Cycle Has Concluded, to Avoid Violating the Arkansas Constitution and Undermining Notions of Fair Play.

Notwithstanding, if the Court agrees with Respondent's construction of the statute (which it should not), the Court's opinion

should only be applied prospectively. Principles of fairness and due process demand it.

On more than one occasion, this Court has refused to retroactively apply a new rule of law out of concern for even-handed treatment of litigants. *See State v. Herndon*, 365 Ark. 185, 190, 226 S.W.3d 771, 775 (2006) (overruling prior case law but not applying new law to the appellant who was entitled to rely on old law in effect at the time of his citation for violating a regulation, reasoning that it would be "fundamentally unfair" and citing cases); *Wiles v. Wiles,* 289 Ark. 340, 711 S.W.2d 789 (1986) (when overruling prior case law, our court recognized the validity of actions taken in faith upon old decisions while stating the rules to be followed in the future); *Rhodes v. State,* 276 Ark. 203, 634 S.W.2d 107 (1982) (modification in the court's interpretation of Rules 608(b) and 609 of the Arkansas Rules of Evidence to be applied prospectively and not to the case on appeal because the defendant relied upon prior case law).

While this case does not concern a new legislative enactment or involve overruling prior case law, the same rationale should apply to prevent retroactive application. Respondent has consistently accepted

certifications of paid canvassers by sponsors' agents, including this year and years before. The Attorney General has likewise accepted ballot title submissions from sponsors' agents in this cycle and in years past. Prior to its August 8, 2024 letter to APA, neither Respondent nor the Attorney General notified APA or LVC of a change in their position on who can act on behalf of a sponsor under 601(b)(3). The August 8th notification comes too late. Just as in the cases cited *supra*, imposing a new standard now would be fundamentally unfair.

What is more, imposing a new standard now violates the due process clause of the Arkansas Constitution and equates to an unwarranted restriction on the freedom of the people to procure petitions. Article 2, § 8 of the Arkansas Constitution provides that "[n]o person shall be . . . deprived of life, liberty or property, without due process of law." Further, the rights to initiative and referendum are the first and second powers "reserve by the people" in the Arkansas Constitution. Ark. Const. art. 5, § 1. "Beyond doubt, the power retained by the citizens to initiative and referendum are fundamental rights guaranteed by the constitution." *McDaniel v. Spencer*, 2015 Ark. 94, at 24, 457 S.W.3d 641, 657, *as revised* (Mar. 11, 2015) (Hart, J., concurring in part). And "[n]o

law shall be passed to prohibit any person or persons from giving or receiving compensation for circulating petitions, nor to prohibit the circulation of petitions, nor in any manner interfering with the freedom of the people in procuring petitions[.]" Ark. Const. art. 5, § 1.

Allowing Respondent's eleventh-hour interpretation of 601(b)(3) to prevent an agent from certifying paid canvassers may prevent the proposed amendments from reaching the ballot in November. This an unconstitutional interference with the people's right in procuring petitions.

It also violates due process. Given that APA and LVC have a constitutionally protected interest in the initiative, due process must be afforded before depriving them of that interest. *See Bill's Printing, Inc. v. Carder*, 357 Ark. 242, 253, 161 S.W.3d 803, 810 (2004) ("Due process protects rights that are created from sources such as state law.") (citing *Cleveland Board of Education v. Loudermill,* 470 U.S. 532 (1985)) (Thornton, J., concurring).

Respondent's actions here, if left to stand, violate APA and LVC's substantive and procedural due-process rights. "Procedural due process guarantees that a state proceeding which results in deprivation of

property is fair, while substantive due process guarantees that such state action is not arbitrary and capricious." *Parker v. BancorpSouth Bank*, 369 Ark. 300, 307, 253 S.W.3d 918, 923 (2007) (citing *Arkansas Dep't of Correction v. Bailey,* 368 Ark. 518, 247 S.W.3d 851 (2007)).

As to substantive due process, Respondent's actions exemplify the meaning of the word "arbitrary." This Court has "defined the term 'arbitrary' as decisive but unreasoned action . . . and as an act arising from unrestrained exercise of will, caprice or personal preference, based on random or convenient choice rather than on reason or nature." *City of Lowell v. M & N Mobile Home Park, Inc.*, 323 Ark. 332, 348, 916 S.W.2d 95, 103 (1996) (citing *City of Little Rock v. Pfeifer,* 318 Ark. 679, 887 S.W.2d 296 (1994); *Smith v. City of Little Rock,* 279 Ark. 4, 648 S.W.2d 454 (1983)) (Jesson, C.J., dissenting). In other words, lack of reason is the touchstone.

Unquestionably, the absence of reason pervades Respondent's position on 601(b)(3) and its differing treatment of AFLG, APA, and LVC. To date, neither Respondent nor the Attorney General has provided an explanation for their inconsistent interpretations and actions between the three initiative petition sponsors. Nor can they; it does not exist.

As to procedural due process, at a minimum, an individual must be given notice and a reasonable opportunity to be heard before being deprived of life, liberty, or property by state action. *Parker*, 369 Ark. 300 at 307, 253 S.W.3d at 923 (citing *Tsann Kuen Enters. Co. v. Campbell,* 355 Ark. 110, 129 S.W.3d 822 (2003)). Here, the procedure employed by Respondent for reviewing the sufficiency of signatures submitted by AFLG, APA, and LVC provided no notice that Respondent would endorse a new, non-delegable-duty view of 601(b)(3)'s certification requirements—that is, until it was too late to correct the alleged deficiencies. As a result, AFLG, APA, and LVC are potentially barred from the ballot and barred from exercising their fundamental right to the initiative. This result does not comport with procedural due process or fundamental notions of fairness.

If the Court agrees with Respondent's interpretation of section 601(b)(3), it should only apply that interpretation after the 2024 election cycle. That is the only way to avoid an unconstitutional deprivation of due process and the people's right to the initiative.

REQUEST FOR RELIEF

For the reasons stated herein, this Court should reject Respondent's interpretation of section 601(b)(3) and hold as a matter of law that certification by an agent of the sponsor is compliant with that provision.

Opinion No. 2024-037

February 29, 2024

Stephen R. Lancaster, Attorney
Wright Lindsey & Jennings LLP
200 West Capitol Avenue, Suite 2300
Little Rock, Arkansas 72201

Dear Mr. Lancaster:

I am writing in response to your request, made under A.C.A. § 7-9-107, that I certify the popular name and ballot title for a proposed constitutional amendment. In Opinion Nos. 2024-014 and 2024-028, I addressed prior versions of your proposed constitutional amendment. You have now revised the text of your proposed measure and submitted it with a poplar name and ballot title. You ask that I certify.

My decision to certify or reject a popular name and ballot title is unrelated to my view of the proposed measure's merits. I am not authorized to consider the measure's merits when considering certification.

1. Request. Under A.C.A. § 7-9-107, you have asked me to certify the following popular name and ballot title for a proposed initiated amendment to the Arkansas Constitution:

Popular Name

Arkansas Medical Marijuana Amendment of 2024

Ballot Title

> This amendment to the Arkansas Constitution expands access to medical marijuana by qualified patients under the Arkansas Medical Marijuana Amendment of 2016, Amendment 98 and ratifies and affirms that amendment as originally adopted and as amended by any legislative act, except as specified; amending Amendment 98, § 2(4)(B) to define "cultivation facility" as including sale and delivery of usable marijuana to a processor; amending Amendment 98, § 2(12) to replace the definition of "physician" with "health care practitioner," which includes medical and

osteopathic doctors, nurse practitioners, physicians' assistants, and pharmacists and to remove requirements for federal controlled-substances registration; amending Amendment 98, §§ 4(f), 5(a)(l), 5(f)(1), 5(h), and 15 to replace references to physicians with references to health care practitioners; amending Amendment 98, § 2(13)(C) to add language to the definition of "qualifying medical condition" to include any condition not otherwise specified in Amendment 98 that a health care practitioner considers debilitating to a patient that might be alleviated by the use of usable marijuana; amending Amendment 98, § 2(14)(A) to allow non-Arkansas residents to apply for and receive registry identification cards in the same way as Arkansas residents; amending Amendment 98, § 2(17) to define "usable marijuana" as cannabis and other substances including all parts of the plant *Cannabis sativa*, whether growing or not, including any seeds, resin, compound, manufacture, salt, derivative, mixture, isomer or preparation of the plant, including tetrahydrocannabinol and all other cannabinol derivatives, and to exclude hemp with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis; amending Amendment 98, § 2(19) to remove language requiring a physician-patient relationship from the definition of "written certification" and to allow assessments in person or by telemedicine; amending Amendment 98, § 3(e) to allow licensed dispensaries to receive, transfer, or sell marijuana seedlings, plants, or usable marijuana to and from Arkansas-licensed cultivation facilities, processors, or other dispensaries, to accept marijuana seeds, seedlings, or clones from any individual or entity authorized by law to possess them, and to sell usable marijuana, marijuana seedlings, plants or seeds to qualifying patients and designated caregivers; amending Amendment 98, § 3(h) to remove language allowing professional licensing boards to sanction a physician for improper evaluation of a patient's medical condition or for violating the standard of care; amending Amendment 98, §3(1) to remove authorization for Department of Health rules concerning visiting qualifying patients obtaining marijuana from a dispensary; amending Amendment 98, § 4(a)(4)(A) to require criminal background checks for all applicants seeking to serve as designated caregivers, with the exception of parents or guardians of minors who are qualifying patients applying to serve as designated caregivers for those minors; amending Amendment 98, § 5(a)(2) to remove language requiring reasonable registry identification card application fees or renewal fees; amending Amendment 98, § 5(d) to extend the expiration date of registry identification cards from one to three years and to add two additional years to the expiration date of existing cards; amending Amendment 98, § 8(e)(8) to remove and replace advertising restrictions with restrictions for dispensaries, processors, and cultivation facilities narrowly tailored to prevent advertising and packaging from appealing to children and to require the Alcoholic Beverage Control to make rules that require packaging that cannot be opened by a child or that prevents ready access to toxic or harmful

> amounts of the product; amending Amendment 98, § 8(m)(l)(A) to remove prohibitions on dispensary-provided paraphernalia requiring combustion of marijuana; amending Amendment 98, § 8(m)(4)(A)(ii) to allow cultivation facilities to sell marijuana in any form to dispensaries, processors, or other cultivation facilities; amending Amendment 98, § 16 to replace its current language with a waiver of state sovereign immunity so that a licensed person or entity may seek injunctive relief in the event the state fails to follow Amendment 98; amending Amendment 98, § 21 to remove a prohibition on the growing of marijuana by qualifying patients and designated caregivers and to allow such growing under Amendment 98; repealing Amendment 98, §§ 23 and 26 in their entirety; amending Amendment 98 to allow qualifying patients or caregivers at least 21 years old and in possession of a valid registry identification card to possess, plant, dry, and process marijuana plants in limited quantities and sizes at their domicile solely for the personal use of the qualifying patient, to prohibit sale, bartering, and trade of such marijuana plants, and to provide for regulation of such activities by the Alcoholic Beverage Control Division; amending Amendment 98 to allow possession by adults of up to one ounce of usable marijuana, to allow sale of marijuana by licensed cultivation facilities and dispensaries for adult use if current federal law prohibiting such activities changes, and to provide for the regulation of the wholesale and retail of marijuana by licensed cultivation facilities and dispensaries by the Alcoholic Beverage Control Division; amending Arkansas Constitution, Article 5, § 1, to provide that unless provided in such constitutional amendment, no constitutional amendment shall be amended or repealed unless approved by the people under the Constitution; providing that this amendment's provisions are severable, nullifying any provision of state law in conflict with this amendment; and providing that the amendment is self-executing.

2. Rules governing my review. In Opinion No. 2024-028, issued in response to your most recent submission for review and certification, I explained the rules and legal standards that govern my review of popular names and ballot titles. I rely on those same rules and legal standards here and incorporate them by reference.

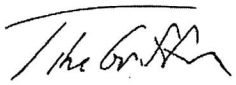
3. Application. Having reviewed the text of your proposed measure, as well as your proposed popular name and ballot title, I must certify your popular name and ballot title as submitted.

In Opinion No. 2024-028, I cautioned you concerning the length and complexity of initiated measures and ballot titles and their susceptibility to a successful ballot-title challenge. I rely on those same warnings and legal standards and incorporate them by reference.

Under A.C.A. § 7-9-108, instructions to canvassers and signers must precede every petition, informing them of the privileges granted by the Arkansas Constitution and the associated penalties for violations. I have included a copy of the instructions that should be incorporated into your petition before circulation.

Assistant Attorney General William R. Olson prepared this opinion, which I hereby approve.

Sincerely,



TIM GRIFFIN
Attorney General

Subject: Paid Canvasser's Submission List

In compliance with Arkansas Code § 7-9-601, please find the list of paid canvassers that will be gathering signatures on the Arkansas Medical Marijuana Amendment of 2024 for the Sponsor, Arkansans for Patient Access along with their paid canvasser affidavit.

On behalf of the sponsors, this statement and submission of names serves as certification that a statewide Arkansas State Police background check, as well as a 50-state criminal background check have been timely acquired in the 30 days before the first day the Paid Canvasser begins to collect signatures and that each Paid Canvasser has passed the criminal background check and criminal background history and has no disqualifying offenses. The Sponsor has provided a copy of the most recent edition of the Secretary of State's initiative handbook to each paid canvasser prior to the Canvasser gathering signatures and the Sponsor has explained the requirements under Arkansas law for obtaining signatures to each Paid Canvasser prior to the Canvasser gathering signatures.

Affidavit of Sponsor Regarding Paid Canvassers

STATE OF ARKANSAS

COUNTY OF WASHINGTON

Having been duly sworn, the undersigned hereby states and affirms under oath as follows:

I, LARRY BAGGETT, state under oath the following:

1. I make the following statements based upon my own personal knowledge.

2. I am over the age of 18, of sound mind, and otherwise qualified to make this affidavit.

3. I am providing this affidavit on behalf of and at the direction of Arkansans for Patient Access, a Ballot Question Committee and Sponsor of an initiative petition popularly known as ARKANSAS MEDICAL MARIJUANA AMENDMENT OF 2024.

4. I am the MANAGER Nationwide Ballot Access ("NBA"), a company hired by Arkansans for Patient Access to provide canvassing services. As part of its responsibilities, NBA hires, trains and manages paid canvassers who are employees of NBA.

5. The Sponsor has provided each Paid Canvasser listed on the attached Exhibit A a copy of the most recent edition of the Secretary of State's Initiatives and Referenda Handbook.

6. The Sponsor has explained to each Paid Canvasser listed on Exhibit A the Arkansas law applicable to obtaining signatures on an initiative or referendum petition.

7. The Sponsor is submitting herewith as Exhibit A a list of Paid Canvassers' names and current residential addresses to the Arkansas Secretary of State.

8. The Sponsor has instructed each Paid Canvasser listed on Exhibit A to provide sufficient information of the Paid Canvasser's identity to allow the Sponsor to obtain the criminal history and criminal record of the Paid Canvasser within thirty (30) days before the date that the Paid Canvasser will begin to collect signatures.

9. The Sponsor has obtained the criminal history and criminal record of each Paid Canvasser listed on Exhibit A.

10. Where indicated by such criminal history or criminal record, the Sponsor has contacted the appropriate authority in the state or jurisdiction if a criminal history or criminal record indicates an open or pending matter if that open matter would be a disqualifying offense.

11. The Sponsor has obtained at Sponsor's cost, from the Division of Arkansas State Police a current criminal history and criminal record search on each Paid Canvasser being registered with the Arkansas Secretary of State.

12. The criminal history and criminal record search for each Paid Canvasser was obtained from the Division of Arkansas State Police within 30 days before the date the Paid Canvasser will begin collecting signatures.

13. The Sponsor agrees that it will not pay or offer to pay a Paid Canvasser on a basis related to the number of signatures obtained on a statewide initiative petition or statewide referendum petition.

14. The Sponsor certifies that each Paid Canvasser in the Sponsor's employ has no disqualifying offenses.

15. The Sponsor is herewith submitting as Exhibit B to the Secretary of State each additional Paid Canvasser's signed statement that they have not pleaded guilty or nolo contendere to or been found guilty of any of the following offenses in any state of the United States, the District of Columbia, Puerto Rico, Guam, or any other United State protectorate:

RE: Proposed Constitutional Amendment
The Arkansas Medical Marijuana Amendment

Dear Mr. Lancaster:

Our office has completed its initial review of the petition notated above. The required number of valid signatures for a constitutional amendment is 90,704. The total initial count of signatures submitted to the Secretary of State was 108,512. Our office has determined that there are no less than 77,000 valid signatures. While this petition is currently insufficient, it does meet the thresholds required by Article 5 § 1 of the Arkansas Constitution to qualify for a thirty (30) day cure period.

In accordance with Arkansas law, you have thirty (30) days from the date of this letter to solicit and obtain additional signatures. The deadline to submit additional signatures is close of business Friday, August 30, 2024. Please remember that any additional signatures submitted must be grouped by county in order to be counted.

If you have any questions, please contact us at 501-682-5070.

Sincerely,

John Thurston

RE: July 31, 2024 Letter Sent to Arkansans for Patient Access

Dear Mr. Lancaster:

Upon review of your submitted petitions and accompanying documents, our office discovered that you failed to comply with Ark. Code Ann. § 7-9-601(b)(3), which states, "[u]pon submission of the sponsor's list of paid canvassers to the Secretary of State, the **sponsor shall certify** to the Secretary of State that each paid canvasser in the sponsor's employ has no disqualifying offenses in accordance with this section." (Emphasis added.)

The sponsor did not make the certification required in Ark. Code Ann. § 7-9-601(b)(3). Instead, the manager of a canvassing company attempted to make the certification. Due to this error, Ark. Code Ann. § 7-9-601(f) forbids the counting of signatures collected by paid canvassers for any purpose.

Upon advice of legal counsel, my office will apply this standard to any additional signatures submitted during the cure period.

Respectfully,

John Thurston

RE: Submission of an original draft of a proposed constitutional amendment, ballot title, and popular name

Dear General Griffin:

Our law firm represents the ballot question committee Local Voters in Charge. On behalf of the committee, please find enclosed for your review an original draft of the committee's proposed amendment to Arkansas Constitutional Amendment 100, including the proposed measure's full text, the ballot title, and the popular name. Pursuant to Arkansas Code Annotated § 7-9-107, we respectfully request that you approve and certify the ballot title and popular name or substitute and certify a more suitable and correct ballot title and popular name.

We appreciate your time and consideration. If we can be of further assistance, please do not hesitate to contact me.

Sincerely,

Popular Name

"A constitutional amendment requiring local voter approval in a countywide special election for any new casino licenses and repealing authority to issue a casino license in Pope County, Arkansas."

Ballot Title

"An amendment to the Arkansas Constitution, Amendment 100, § 4, subsections (i) through (n), repealing the authorization for a casino in Pope County, Arkansas, and repealing authority to issue a casino license in Pope County, Arkansas; and an amendment to the Arkansas Constitution, Amendment 100 § 4, to add subsection (s), requiring local voter approval in a countywide special election where a casino license is to be issued with the exception of casino licenses now or hereafter issued for casinos in Crittenden (to Southland Racing Corporation), Garland (to Oaklawn Jockey Club, Inc.) and Jefferson Counties; making this Amendment effective on and after November 13, 2024; providing that the provisions of this Amendment are severable in that if any provision or section of this Amendment or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any other provision or application that can be given effect without the invalid provision or application; and repealing all laws or parts or laws in conflict with this Amendment."

Full Text of the Proposed Measure

SECTION 1. Repeal of Authorization for a Casino in Pope County. Arkansas Constitution, Amendment 100, § 4, subsections (i) – (n), are amended to read as follows, with stricken language to be deleted from Amendment 100 and underlined language to be added to Amendment 100:

(i) The Arkansas Racing Commission shall issue ~~four~~ three casino licenses.

(j) The Arkansas Racing Commission shall issue a casino license, as provided in this Amendment, to a Franchise holder located in Crittenden County, there being only one, to conduct casino gaming at a casino to be located at or adjacent to the Franchise holder's greyhound racing track and gaming facility as of December 31, 2017 in Crittenden County. The Arkansas Racing Commission shall also issue a casino license, as provided

in this Amendment, to a Franchise holder located in Garland County, there being only one, to conduct casino gaming at a casino to be located at or adjacent to the Franchise holder's horse racing track and gaming facility as of December 31, 2017 in Garland County. Casino licenses to be issued to Franchise holders shall be issued upon:

(1) Adoption by the Arkansas Racing Commission of rules necessary to carry out the purposes of this Amendment; and

(2) Initial laws and appropriations required by this Amendment being in full force and effect.

(k) ~~The Arkansas Racing Commission shall award a casino license to a casino applicant for a casino to be located in Pope County within two miles of the city limits of the county seat.~~ The Arkansas Racing Commission shall ~~also~~ award a casino license to a casino applicant for a casino to be located in Jefferson County within two miles of the city limits of the county seat.

(l) Casino licensees are required to conduct casino gaming for as long as they have a license.

(m) The Arkansas Racing Commission shall require all casino applicants for a casino license in ~~Pope County and~~ Jefferson County to demonstrate experience conducting casino gaming.

(n) The Arkansas Racing Commission shall require all casino applicants for a casino license in ~~Pope County and~~ Jefferson County to submit either a letter of support from the county judge or a resolution from the quorum county in the court in ~~the county where the proposed casino is to be located~~ Jefferson County and, if the proposed casino is to be located within a city or town, shall also require all casino applicants to include a letter of support from the mayor in the city or town where the applicant is proposing the casino to be located.

SECTION 2. Requiring a majority of voters in a county where a casino license is to be issued to approve of a casino at a special election, with the exception of casino licenses now or hereafter issued for Crittenden (to Southland Racing Corporation), Garland (to Oaklawn Jockey Club, Inc.) and Jefferson Counties.

Arkansas Constitution, Amendment 100, § 4, is amended to add subsection (s) to read as follows with underlined language to be added to Amendment 100:

(s) If a constitutional amendment authorizes or otherwise allows the issuance of a casino license for any county other than those issued

now or hereafter for Crittenden (to Southland Racing Corporation), Garland (to Oaklawn Jockey Club, Inc.) and Jefferson counties, then the county quorum court shall call a special election in accordance with Arkansas Code Annotated §§7-11-201 et seq. and 7-11-301 et seq. to submit the question of whether to approve of a casino in the county.

(1) At the special election regarding approving a casino in the county, the ballot shall set forth the question substantially as follows:

"FOR a casino in [ ] County

AGAINST a casino in [ ] County

The question presented is whether or not a casino may be located in the county. A casino is defined as a facility where casino gaming is conducted."

(2) A majority of the voters in the county where the casino is proposed to be located must approve of a casino at the special election before the Arkansas Racing Commission, or other governing body, may accept any applications for a casino license in that county.

SECTION 3. Severability.
If any provision or section of this Amendment or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any other provisions or application of the Amendment that can be given effect without the invalid provisions or applications, and to this end the provisions of this Amendment are declared to be severable.

SECTION 4. Repeal of Conflicting Laws.
By adoption of this Amendment, all Arkansas laws or parts of Arkansas laws in conflict with this Amendment are repealed.

SECTION 5. Effective Date.
This amendment shall be effective on and after November 13, 2024.

Elizabeth Robben Murray, Attorney
Friday, Eldredge & Clark LLP

Little Rock, Arkansas 72201

Dear Ms. Murray:

I am writing in response to your request, made under A.C.A. § 7-9-107, that I certify the popular name and ballot title for a proposed constitutional amendment.

My decision to certify or reject a popular name and ballot title is unrelated to my view of the proposed measure's merits. I am not authorized to consider the measure's merits when considering certification.

1. Request. Under A.C.A. § 7-9-107, you have asked me to certify the following popular name and ballot title for a proposed initiated amendment to the Arkansas Constitution:

Popular Name

> A constitutional amendment requiring local voter approval in a countywide special election for any new casino licenses and repealing authority to issue a casino license in Pope County, Arkansas.

Ballot Title

> An amendment to the Arkansas Constitution, Amendment 100, § 4, subsections (i) through (n), repealing the authorization for a casino in Pope County, Arkansas, and repealing authority to issue a casino license in Pope County, Arkansas; and an amendment to the Arkansas Constitution, Amendment 100 § 4, to add subsection (s), requiring local voter approval in a countywide special election where a casino license is to be issued with the exception of casino licenses now or hereafter issued for casinos in Crittenden (to Southland Racing Corporation), Garland (to Oaklawn Jockey Club, Inc.) and Jefferson Counties; making this Amendment effective on

> and after November 13, 2024; providing that the provisions of this Amendment are severable in that if any provision or section of this Amendment or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any other provision or application that can be given effect without the invalid provision or application; and repealing all laws or parts or laws in conflict with this Amendment.

2. Rules governing my review. Arkansas law requires sponsors of statewide initiated measures to "submit the original draft" of the measure to the Attorney General.[1] An "original draft" includes the full text of the proposed measure along with its ballot title and popular name.[2] Within ten business days of receiving the sponsor's original draft, the Attorney General must respond in one of three ways:

- First, the Attorney General may approve and certify the ballot title and popular name in the form they were submitted.[3]

- Second, the Attorney General may "substitute and certify a more suitable and correct ballot title and popular name."[4] But A.C.A. § 7-9-107 does not authorize the Attorney General to modify the text of the proposed measure itself.

- Third, the Attorney General may reject both the popular name and ballot title "and state his or her reasons therefor and instruct" the sponsors to "redesign the proposed measure and the ballot title and popular name."[5] This response is permitted when, after reviewing the proposed measure, the Attorney General determines that "the ballot title or the nature of the issue" is (1) "presented in such manner" that the ballot title would be misleading or (2) "designed in such manner" that a vote for or against the issue would actually be a vote for the outcome opposite of what the voter intends.[6]

3. Rules governing the popular name. The popular name is primarily a useful legislative device.[7] While it need not contain detailed information or include exceptions that might be

[1] A.C.A. § 7-9-107(a).

[2] A.C.A. § 7-9-107(b).

required of a ballot title, the popular name must not be misleading or partisan.[8] And it must be considered together with the ballot title in determining the ballot title's sufficiency.[9]

4. Rules governing the ballot title. The ballot title must summarize the proposed act. The Arkansas Supreme Court has developed general rules for what must be included in the summary and how that information must be presented. Sponsors must ensure their ballot titles impartially summarize the measure's text and give voters a fair understanding of the issues presented.[10] The Court has also disapproved the use of terms that are "technical and not readily understood by voters."[11] Ballot titles that do not define such terms may be deemed insufficient.[12]

Additionally, sponsors cannot omit material from the ballot title that qualifies as an "essential fact which would give the voter serious ground for reflection."[13] Yet the ballot title must also be brief and concise lest voters exceed the statutory time allowed to mark a ballot.[14] The ballot title is not required to be perfect, nor is it reasonable to expect the title to address every possible legal argument the proposed measure might evoke.[15] The title, however, must be free from any misleading tendency—whether by amplification, omission, or fallacy—and it must not be tinged with partisan coloring.[16] Although the ballot title need not summarize existing law,[17] it must be honest and impartial,[18] and it must convey an intelligible idea of the scope and significance of a proposed change in the law.[19]

[19] *Christian Civic Action Comm. v. McCuen*, 318 Ark. 241, 250, 884 S.W.2d 605, 610 (1994).

The Court has held that a proposed measure that expressly states that it "will repeal inconsistent laws" is sufficient to inform the voters "that all laws which are in conflict will be repealed."[20]

Finally, the Court has held that a ballot title cannot be approved if the text of the proposed measure itself contributes to confusion and disconnect between the language in the popular name and the ballot title and the language in the measure.[21] Where the effects of a proposed measure on current law are unclear or ambiguous, I am unable to ensure the popular name and ballot title accurately reflect the proposal's contents until the sponsor clarifies or removes the ambiguities in the proposal itself.

5. Application. Having reviewed the text of your proposed initiated amendment, as well as your proposed popular name and ballot title, I have concluded that I must reject your proposed popular name and ballot title and instruct you to redesign them. The following problems in the ***text of your proposed amendment*** prevent me from (1) ensuring your ballot title is not misleading or (2) substituting a more appropriate ballot title:[22]

Under Section 2 of your measure's text, when "a constitutional amendment authorizes or otherwise allows the issuance of a casino license for any county other than those issued now or hereafter for Crittenden…Garland…and Jefferson counties, then the county quorum court shall call a special election in accordance with Arkansas Code Annotated §§ 7-11-201 *et seq.* and 7-11-301 *et seq.*" It appears you are attempting to incorporate-by-reference state statutes into the constitution by referencing the statutes' citations.

This violates the full-text requirement and is misleading by omission. A voter reviewing your ballot title would not be sufficiently advised about the content of the statutes you are attempting to incorporate. Amendment 7 (Ark. Const., art. 5, § 1) to our state constitution requires that the "full text" of the initiated measure accompany each petition. Consequently, under A.C.A. § 7-1-107, all sponsors must give the Attorney General "[t]he full text of the proposed measure." And while the Arkansas Supreme Court has yet to interpret the meaning of the phrase "full text of the proposed measure," the North Dakota Supreme Court recently reviewed a substantially identical phrase in law.[23] In *Haugen v.*

[20] *Richardson v. Martin*, 2014 Ark. 429, 9, 444 S.W.3d 855, 861.

[21] *Roberts v. Priest*, 341 Ark. 813, 825, 20 S.W.3d 376, 382 (2000).

[22] Although A.C.A. § 7-9-107 does not authorize the Attorney General to modify the text of the proposed measure itself, the Attorney General still reviews the text of the proposed measure because the ballot title and popular name cannot be certified when the "text of the proposed amendment itself" is ambiguous or misleading. *Roberts*, 341 Ark. at 825, 20 S.W.3d at 382. And in line with the caselaw, my predecessors have consistently rejected ballot titles "due to ambiguities in the text" of the proposed measure. *E.g.*, Ark. Att'y Gen. Ops. 2016-015, 2015-132, 2014-105, 2014-072, 2013-079, 2013-046, 2013-033, 2011-023, 2010-007, 2009-083, 2008-018, 2005-190, 2002-272, 2001-397, 2001-129, 2001-074, 2000-084, 1999-430.

[23] I have also recently reviewed in detail the holding of this particular North Dakota Supreme Court decision in Ark. Att'y Gen. Ops. 2023-133, 2023-113, and I incorporate that analysis by reference here.

Jaeger, the North Dakota Supreme Court reviewed the legal validity of an initiated constitutional amendment that, by explicit citation, incorporated certain statutes into the state constitution.[24] There, the legal question was whether such an incorporation violated the state's full-text requirement.

Reaffirming a nearly 100-year-old decision on that topic of law, *Dyer v. Hall*,[25] the *Haugen* court held that such an incorporation by reference violates the full-text requirement for two reasons. First, it cut against "the purpose of the full-text requirement," which "was to obviate all uncertainty as to the subject-matter dealt with in the Constitution."[26] Second, *Haugen* approvingly cited *Dyer's* additional point that when initiated measures incorporate laws by reference, the "voters have no opportunity to read or examine fairly the contents [of those incorporated laws] and appreciate the real import of the proposed amendment."[27] In my opinion, the Arkansas Supreme Court likely would agree with *Haugen's* conclusion and reasoning when interpreting our own full-text requirements.

Here, you, like the sponsors in *Haugen*, expressly incorporate by reference statutes into the process governing county quorum courts under your measure's text. Therefore, voters reviewing the ballot title are not sufficiently advised about the content of the statute you are attempting to incorporate into your measure's text, and the absence of the measure's full text means the ballot title is misleading by omission.

Because of the issues identified above, my statutory duty under A.C.A. § 7-9-107(e) is to reject your proposed popular name and ballot title, stating my "reasons therefor," and to "instruct…[you] to redesign your proposed measure and the ballot title…in a manner that would not be misleading."

6. Additional issues. The foregoing defects are sufficient grounds for me to reject your submission. But please note that your proposed measure contains several other issues that, while not bases for my decision to reject your proposed measure, you may wish to correct or clarify:

- ***Popular name length.*** Your popular name is longer than a typical popular name. It instead reads like a brief summary of the ballot title, or a shorter ballot title. Typically, a popular name is a few words and serves as a label or nametag for the ballot title and proposed measure.[28] Although this alone is not misleading, you may

[27] *Id.* at 4, 948 N.W.2d at 3 (internal quotations omitted).

Ops. 2024-028 (certifying "Arkansas Medical Marijuana Amendment of 2024"); 2024-020 (certifying "The Arkansas Government Disclosure Act of 2024"); 2023-092 (certifying "An Act to Exempt Feminine Hygiene Products and Diapers from Sales and Use Tax"); 2024-004 (certifying

wish to shorten the popular name to better meet the purpose of popular names as described above.

- ***Effect on any issued Pope County casino license.*** The ballot title and the text of your proposed measure indicate that the current authority under Amendment 100, § 4 to issue a casino license in Pope County is being revoked. And your proposed measure will instead require a majority of voters in a county, when a casino license is authorized or otherwise allowed by a constitutional amendment, to approve of a casino at a special election, with the exception of casino licenses that have already been issued or may later be issued for "Crittenden (to Southland Racing Corporation), Garland (to Oaklawn Jockey Club, Inc.), and Jefferson counties." But nothing in your proposed measure indicates what will happen to a Pope County casino license that has been issued before the effective date of your proposed initiated constitutional amendment. If your measure passes and takes effect, will such a license automatically become void, or will the Racing Commission be compelled to revoke that license or simply not renew the license after the expiration date? The answers to these questions likely would give voters "ground for serious reflection."

- ***Current casino licenses.*** As already noted above concerning Pope County, your proposed measure also does not indicate whether any license has already been issued in Jefferson County. Although "Southland Racing Corporation" and "Oaklawn Jockey Club, Inc." are both specifically named in their respective counties, no entity is likewise named for Jefferson County. Does this mean that a casino has not been issued a license in Jefferson County, or that multiple licenses may be issued to Jefferson County in a manner not consistent with the other counties? The answers to these questions likely would give voters "ground for serious reflection."

- ***Ballot title summaries.*** The Arkansas Supreme Court has interpreted the Arkansas Constitution to require that sponsors include all material in the ballot title that qualifies as an "essential fact which would give the voter serious ground for reflection."[29] But your proposed constitutional amendment contains material

provisions that do not appear in your ballot title, which would likely give voters "serious ground for reflection" and would render the ballot tile misleading by omission (all emphases below have been added):

- The ballot title fails to mention that the number of casino licenses the Arkansas Racing Commission is required to issue would be reduced from four to three;

- The ballot title fails to mention that, in addition to repealing the authorization for a casino in Pope County, Arkansas, the proposed measure would also repeal the authority **of the Arkansas Racing Commission** to issue **any** casino license in Pope County, Arkansas without receiving a majority of voters in a county where a casino is licensed to approve of a casino at a special election;

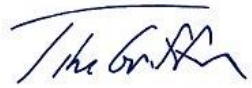
- The ballot title fails to mention that the voters in a county where a future casino is proposed would need to first approve of a casino at the special election before the Arkansas Racing Commission, or other governing body, may accept any applications for a casino license in that county; and

- The ballot title fails to mention that special election ballots must provide questions that substantially follow a particular format, "FOR a casino in [ ] County" and "AGAINST a casino in [ ] County," and, "The question presented to voters must include whether or not a casino may be located in the county"—"A casino is defined as a facility where casino gaming is conducted."

- ***Grammatical issues.*** In the ballot title, the word "or" is used instead of "of" in the following clause: "and repealing all laws or parts ***or*** laws in conflict." Additionally, your ballot title does not appear to utilize "parallelism," or use "grammatically coordinate structures" to "show the reader how one idea relates to another."[30] For instance, the word "and" is used twice after semicolons and the first two clauses do not begin with "ing" words when the remaining clauses begin with "ing" words. You may wish to correct these issues.

Assistant Attorney General William R. Olson prepared this opinion, which I hereby approve.

Sincerely,



TIM GRIFFIN

Opinion No. 2024-046

March 20, 2024

Elizabeth Robben Murray, Attorney
Friday, Eldredge & Clark LLP
400 West Capitol Avenue, Suite 2000
Little Rock, Arkansas 72201

Dear Ms. Murray:

I am writing in response to your request, made under A.C.A. § 7-9-107, that I certify the popular name and ballot title for a proposed constitutional amendment. In Opinion No. 2024-034, I rejected a prior version of your proposed initiated amendment to the Arkansas Constitution. You have now revised the language of your proposal and submitted it for certification.

My decision to certify or reject a popular name and ballot title is unrelated to my view of the proposed measure's merits. I am not authorized to consider the measure's merits when considering certification.

1. Request. Under A.C.A. § 7-9-107, you have asked me to certify the following popular name and ballot title for a proposed initiated amendment to the Arkansas Constitution:

Popular Name

> An amendment requiring local voter approval in a countywide special election for any new casino licenses and repealing authority to issue a casino license in Pope County, Arkansas.

Ballot Title

> An amendment to the Arkansas Constitution, Amendment 100, § 4, subsection (i) to reduce the number of casino licenses that the Arkansas Racing Commission is required to issue from four to three; amending Amendment 100, § 4, subsections (k) through (n) to repeal authorization for a casino in Pope County, Arkansas and to repeal the authority of the Arkansas Racing Commission to issue a casino license for Pope County,

> Arkansas; amending Amendment 100 § 4, to add subsection (s), providing that if the Arkansas Racing Commission, or other governing body, issues a casino license for a casino in Pope County, Arkansas prior to the effective date of this Amendment, then said license is revoked on the effective date of this Amendment; amending Amendment 100 § 4, to add subsection (t), providing that if a future constitutional amendment authorizes the issuance of a casino license in any county other than those issued now or hereafter for Crittenden County (to Southland Racing Corporation), Garland County (to Oaklawn Jockey Club, Inc.) and Jefferson County (to Downstream Development Authority of the Quapaw Tribe of Oklahoma and later transferred to Saracen Development, LLC), then the quorum court of each county where a casino is to be located shall call a special election by ordinance to submit the question of whether to approve of a casino in the county; amending Amendment 100 § 4, to add subsection (t)(1)-(3), setting the date for the special election and requiring the ordinance calling the special election to state the election date and to specify the format of the question on the ballot as "FOR a casino in [ ] County" and "AGAINST a casino in [ ] County," and, "The question presented to voters must include whether or not a casino may be located in the county"—"A casino is defined as a facility where casino gaming is conducted"; amending Amendment 100 § 4, to add subsection (t)(4), requiring the county board of election commissioners to publish the ordinance calling the special election as soon as practicable in a newspaper of general circulation in the county in which the special election is held; amending Amendment 100 § 4, to add subsection (t)(5), requiring a majority of the voters in any county where any future casino is proposed to be located to approve of the casino at the special election before the Arkansas Racing Commission, or other governing body, may accept any applications for a casino license in that county; making this Amendment effective on and after November 13, 2024; providing that the provisions of this Amendment are severable in that if any provision or section of this Amendment or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any other provision or application that can be given effect without the invalid provision or application; and repealing all laws or parts of laws in conflict with this Amendment.

2. Rules governing my review. In Opinion No. 2024-034, issued in response to your first submission for review and certification, I explained the rules and legal standards that govern my review of popular names and ballot titles. I rely on those same rules and legal standards here and incorporate them by reference.

3. Application to your popular name. Although the popular name need not contain detailed information or include exceptions that might be required of a ballot title, the

popular name must not be misleading.[1] And, as I noted in Opinion 2024-034, the popular name's length itself is not misleading.[2] But a word used in the popular name does not accurately reflect the proposed measure or the ballot title (emphasis added): it requires "voter approval in a countywide special election for **any** new casino licenses." The proposed measure itself is narrower (emphases added): it requires voter approval in a countywide special election "[i]f a constitutional amendment authorizes or otherwise allows the issuance of a casino license in **any** county **other than those issued now or hereafter** for Crittenden County (to Southland Racing Corporation), Garland County (to Oaklawn Jockey Club, Inc.) and Jefferson County (to Downstream Development Authority of the Quapaw Tribe of Oklahoma and later transferred to Saracen Development, LLC)."[3] Therefore, I am substituting and certifying a "more suitable" popular name.[4] The popular name provided below is substituted and certified for your proposed constitutional amendment.

4. Application to your ballot title. Having reviewed the text of your proposed constitutional amendment and ballot title, I believe the following changes to your ballot title are necessary to ensure that your ballot title clearly and accurately sets forth the purpose of your proposed initiated amendment to the Arkansas Constitution:[5]

- ***"Majority of the voters."*** Section 3 of the measure's text adds subsection (t)(5) to Amendment 100, § 4 (emphasis added): "**A majority of the voters in the county** where the casino is proposed to be located must approve of a casino at the special election." While you may intend that phrase to mean "registered voters," the Arkansas Supreme Court has long defined "a majority of the voters" to mean the majority of those who actually vote on an issue, not those that could have voted.[6]

[1] *E.g.*, *Chaney v. Bryant*, 259 Ark. 294, 297, 532 S.W.2d 741, 743 (1976); *Moore v. Hall*, 229 Ark. 411, 414–15, 316 S.W.2d 207, 208–09 (1958); see also Ark. Att'y Gen. Op. 2024-034 (articulating this rule in the opinion issued for your original submission for certification).

[2] Although I did note in that same opinion that you may wish to shorten the popular name to better the meet the purpose of popular names. Here, your popular name is one word shorter than it was previously.

[3] To ensure the popular name is not misleading, and to adequately apprise the voters of the licenses following the "other than" language, approximately fifty-five words would need to be added to the popular name—currently at twenty-eight words.

[4] *See* A.C.A. § 7-9-107(d)(1) (authorizing the Attorney General to "substitute and certify a more suitable and correct ballot title and popular name for each amendment or act").

[5] In the measure's text, you recite Amendment 100, § 4(i)–(n), striking language to indicate what you intend to remove from Amendment 100 and underlining language to indicate what you intend to add to Amendment 100. But when reciting Amendment 100, § 4(n), the measure's text contains the phrase "quorum county in the court" instead of "quorum court in the county." While that is not a reason for rejection here, the measure's text contains a scrivener's error that you may wish to correct.

[6] *E.g.*, *Vance v. Johnson*, 238 Ark. 1009, 1013, 386 S.W.2d 240, 243 (1965); *Glover v. Hot Springs Kennel Club, Inc.*, 230 Ark. 544, 548–53, 323 S.W.2d 902, 904–07 (1959); *Browning v. Waldrip*, 169 Ark. 261, 273 S.W. 1032, 1032–33 (1925); *Graves v. McConnell*, 162 Ark. 167, 257 S.W. 1041, 1043 (1924); *Watts v.*

In *Glover v. Hot Springs Kennel Club, Inc.*, the Arkansas Supreme Court reviewed a state statute that required "a majority of the qualified electors" of a county to approve a greyhound racing franchise.[7] There, the legal question was whether "it was necessary for the greyhound racing proposition submitted to the voters of Garland County to receive *merely a majority of those voting* on the proposition at the election, or was it necessary for the proposition to receive the vote of the *majority of all of the 17,245 poll tax holders* of Garland County."[8]

Affirming and noting "an impressive line" of "on point" decisions stretching back to 1885,[9] the *Glover* Court held that "a majority of the qualified electors of the county" has "a fixed legal meaning, to-wit: a majority of those who voted."[10] And while that case concerned certain statutory language—"majority of the qualified electors of the county"—the Court cited Arkansas Supreme Court cases that held the same based on different statutory language.[11] For instance, the *Glover* Court cites *Browning v. Waldrip*, which held that "majority of the landowners in a district" means "a majority of the landowners in the district voting at the election."[12] The Arkansas Supreme Court holdings over the last 138 years recognize that the language "majority of" those voting in a particular voting district or jurisdiction has a fixed legal meaning: those who actually voted at the particular election.

So, in the ballot title, I have changed "majority of the voters in the county" to "majority of those in the county who vote at the election." If instead you intend to vary from the "fixed legal meaning" that the Arkansas Supreme Court cases cited herein describe, you may make those changes and resubmit your popular name, ballot title, and full text of the proposed measure for certification.

- ***Ballot title summary.*** The Arkansas Supreme Court has interpreted the Arkansas Constitution to require that sponsors include all material in the ballot title that qualifies as an "essential fact which would give the voter serious ground for reflection."[13] But your proposed constitutional amendment contains a material provision that does not appear in your ballot title, which would likely give voters

[10] *Id.*, 230 Ark. at 553, 323 S.W.2d at 907.

[11] *Id.*, 230 Ark. at 548–52, 323 S.W.2d at 904–07.

[12] 169 Ark. at 261, 273 S.W. at 1032–33.

[13] *Bailey*, 318 Ark. at 285, 884 S.W.2d at 942.

"serious ground for reflection" and would render the ballot tile misleading by omission. The ballot title inaccurately and incompletely summarizes the measure's text by stating it requires "a majority of the voters in **any** county where **any** future casino is proposed to be located to approve of the casino at the special election." So I have replaced the first instance of "any" with "certain" and the second instance of "any" with "a" to better summarize the measure's text.

- ***Grammatical changes.*** I also made a few minor grammatical changes and clarifications to your ballot title to ensure it is not misleading or confusing to voters. A comma has been added after each of the following phrases: "subsection (i)" and "subsections (k) through (n)." I also expanded the space between the brackets used in the ballot title.

5. Substitution and certification. With the above changes incorporated, the following popular name and ballot title are substituted and certified:

Popular Name

An amendment requiring local voter approval in a countywide special election for certain new casino licenses and repealing authority to issue a casino license in Pope County, Arkansas.

Ballot Title

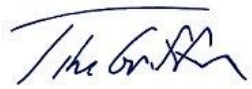
An amendment to the Arkansas Constitution, Amendment 100, § 4, subsection (i), to reduce the number of casino licenses that the Arkansas Racing Commission is required to issue from four to three; amending Amendment 100, § 4, subsections (k) through (n), to repeal authorization for a casino in Pope County, Arkansas and to repeal the authority of the Arkansas Racing Commission to issue a casino license for Pope County, Arkansas; amending Amendment 100 § 4, to add subsection (s), providing that if the Arkansas Racing Commission, or other governing body, issues a casino license for a casino in Pope County, Arkansas prior to the effective date of this Amendment, then said license is revoked on the effective date of this Amendment; amending Amendment 100 § 4, to add subsection (t), providing that if a future constitutional amendment authorizes the issuance of a casino license in any county other than those issued now or hereafter for Crittenden County (to Southland Racing Corporation), Garland County (to Oaklawn Jockey Club, Inc.) and Jefferson County (to Downstream Development Authority of the Quapaw Tribe of Oklahoma and later transferred to Saracen Development, LLC), then the quorum court of each county where a casino is to be located shall call a special election by ordinance to submit the question of whether to approve of a casino in the county; amending Amendment 100 § 4, to add subsection (t)(1)-(3), setting the date for the special election and requiring the ordinance calling the

> special election to state the election date and to specify the format of the question on the ballot as "FOR a casino in [ ] County" and "AGAINST a casino in [ ] County," and, "The question presented to voters must include whether or not a casino may be located in the county"—"A casino is defined as a facility where casino gaming is conducted"; amending Amendment 100 § 4, to add subsection (t)(4), requiring the county board of election commissioners to publish the ordinance calling the special election as soon as practicable in a newspaper of general circulation in the county in which the special election is held; amending Amendment 100 § 4, to add subsection (t)(5), requiring a majority of those in the county who vote at the election in certain counties where a future casino is proposed to be located to approve of the casino at the special election before the Arkansas Racing Commission, or other governing body, may accept any applications for a casino license in that county; making this Amendment effective on and after November 13, 2024; providing that the provisions of this Amendment are severable in that if any provision or section of this Amendment or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any other provision or application that can be given effect without the invalid provision or application; and repealing all laws or parts of laws in conflict with this Amendment.

Under A.C.A. § 7-9-108, instructions to canvassers and signers must precede every petition, informing them of the privileges granted by the Arkansas Constitution and the associated penalties for violations. I have included a copy of the instructions that should be incorporated into your petition before circulation.

Assistant Attorney General William R. Olson prepared this opinion, which I hereby approve.

Sincerely,



TIM GRIFFIN
Attorney General

RE: Proposed Constitutional Amendment
Popular Name: An Amendment Requiring Local Voter Approval in a Countywide Special Election for Certain New Casino Licenses and Repealing Authority to Issue a Casino License in Pope County, Arkansas

Dear Mr. Knight:

The petition submitted for the proposed Constitutional Amendment referenced above has met the signature requirements as established by Article 5 § 1 of the Arkansas Constitution. An appropriate Certification of Sufficiency is enclosed.

For a proposed Constitutional Amendment, the required number of valid signatures in 2024 is 90,704. The Secretary of State verified no less than 116,200 signatures.

The Secretary of State intends to certify the proposed Constitutional Amendment to the County Boards of Election Commissioners in August of 2024.

The Secretary of State will publish notice of the proposed Constitutional Amendment as directed by Article 5 § 1, of the Arkansas Constitution and Ark. Code Ann. § 7-9-113. Pursuant to Act 982 of 2017, the petition sponsor shall reimburse the cost of this publication to the Secretary of State within thirty (30) calendar days of notification of the final costs for publication.

Sincerely,

John Thurston
