North Carolina Asian Americans Together (NCAAT)

is the only group focused on building pan-Asian intergenerational civic engagement in AAPI communities across the state of North Carolina.

NORTH CAROLINA ASIAN AMERICANS TOGETHER

Founded in 2016, NCAAT is a 501c(3) nonprofit committed to supporting equity and justice for all by fostering community among AAPIs (Asian American Pacific Islanders) and allies in North Carolina through civic engagement, leadership development, grassroots mobilization, and political participation. We work within a cross-racial, cross-ethnic framework focused on grassroots power and solidarity.

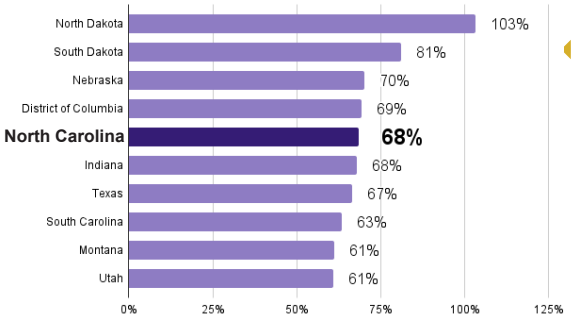

NCAAT in action

In 2019, we took a step further and started NCAAT in Action, a 501c(4) created to build political power among AAPIs through voter education and progressive advocacy. For the AAPI community to become politically empowered, more AAPIs championing progressive policies must hold political office. We will support this political leadership.

Between 2010 and 2020, North Carolina's Asian American population grew by 68%.
