

Destihl Brewery

41m · ⚙️

DESTIHL fans & family,

We have just learned that one of our employees at the [Destihl Restaurant - Normal, IL](#) location has tested positive for COVID-19 after traveling. Out of an abundance of caution, we have decided to close both that location, as well the Beer Hall while we take the time to test our staff, deep clean & sanitize.

We feel it is of the utmost importance that we put the safety of our guests & staff first.

We'd like to thank you for your understanding and continued support. We will provide updates about our re-opening as they become available.
