Hey everyone! We're suspending indoor dine-in service for the rest of the night (Sat, 7/25) to deep clean the inside of the restaurant, and will then be returning exclusively to outdoor dining service beginning tomorrow morning. Earlier this week, two front-of-house employees were in the vicinity of a person who later received a positive test. As our employees were properly socially distanced, there's currently no evidence to suggest they were effected, but to err on the extreme side of caution, we've chosen to suspend indoor dine-in. And our two employees are, of course, taking subsequent precautions as well. Pickup and delivery service will safely continue tonight, and outdoor dining in the beer garden will open back up tomorrow (Sunday). If any other updates are necessary, we'll keep you informed. Thanks!

Kristi Kemerling Selucky to News Happening in Bloomington Normal McLean Co Area and All Over

18h ·

Does anyone know why Buffalo Wild Wings in Bloomington is closed? We drove by at dinner time and it was closed.

- Erick Salazar I am the GM at the Normal location. The Bloomington location had an employee test positive for Covid. The last day the employee worked in the building was Saturday the 18th. The employee notified the management team on the 23rd that they had received a positive test result. In an effort to keep the staff and guest safe the decision was made to temporarily close down the Bloomington location. The night of the 23rd the store went through a deep cleaning. We tried to piece together a team to run carryout and delivery but unfortunately it was not possible and would be a disservice to all of the loyal guests. As a company we take temperature checks of all employees before their shifts. Employees are required to wear a mask and gloves at all times. We are instructed to wash hands every time gloves are changed as well as every 30mins. We wipe down and sanitize all high touch areas every 2hrs. Also, wipe and sanitize every table before it is sat. We are following all CDC and IDPH guidelines for handling the situation in Bloomington. The Normal location is still open and as we are typically slower with the ISU student population gone for the summer, we are limited in staff. We ask that you are patient with our staff and we hope that we can provide you with the same great service you are accustomed to.

The Mystic Kitchen & Tasting Room

3h ·

Due to concerns in our local restaurant community we have made the decision to only offer outdoor dining service & curbside for the foreseeable future. Our staff & guests safety is our number one priority. Join us Tuesday-Saturday on our sidewalk cafe or call for curbside food & booze. - Mystical Owners Terrie & Chelsea 🍷 😊
