Morehead State University Statement
Student success is at the core of all we do at Morehead State University, and we believe that a diverse and inclusive campus plays a significant role in guaranteeing this success.

Diversity, as a concept, describes an inclusive community of people with varied human characteristics, ideas and world views related, but not limited, to race, ethnicity, sexual orientation, gender, religion, color, creed, national origin, disabilities, socio-economic status, life experiences, geographical region, or ancestry. Inclusion recognizes the creation of a safe, supportive, and nurturing environment by MSU that honors and respects those differences.

MSU's Chief Diversity Officer, Dr. Caroline Atkins, is responsible for the development and oversight of programs, services and initiatives designed to enhance the recruitment and successful retention of students and/or faculty and staff from diverse and under-represented population groups.

MSU’s Diversity Plan (2017 – 2021) was approved by the Board of Regents on September 28, 2017. The plan was developed by faculty, staff, and students at MSU.

The plan may be viewed online at: http://www.moreheadstate.edu/diversity

Focused on the experience of students of color at MSU, EDEC coordinates an array of educational, cultural and social programs, collaborating with faculty, staff, academic departments, and campus organizations to encourage and stimulate positive social interaction, cultural and community awareness.

EDEC is inclusive to all members of the University community and provides focus towards African-American, Latino and Hispanic students. We provide support to prospective and enrolled students of color, expanding opportunities for student engagement, leadership and scholarship.
